First Friday Film Festival

May 2, 2008

First Friday Film Festivals are held on the first Friday of every month at 3:00 PM in the Connecticut Clearinghouse Conference Room.

New audiovisuals are screened and a discussion follows. Join us for popcorn and a movie!

Darkest Hours: The Crisis In Children's Mental Healthcare - Featuring in-depth commentary and interviews with parents, teens, advocates, and health care providers who share their stories about the mental health care system in Connecticut. Scenarios include kids in crisis who've spent nights in the emergency room due to the lack of psychiatric beds in the state; the long waiting time to get an appointment with a psychologist; and the frustration of dealing with managed care companies. (60 minutes)

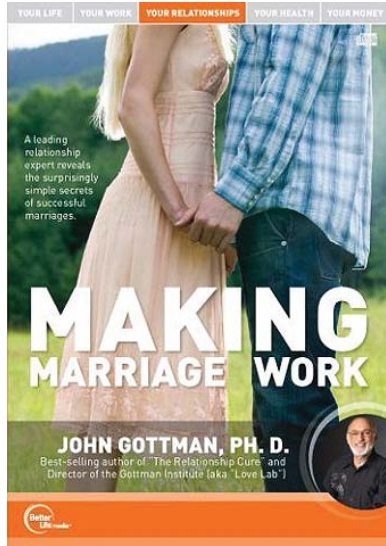

Connecticut Clearinghouse, a program of Wheeler Clinic, is funded by the Connecticut Department of Mental Health and Addiction Services.

New Audiovisuals

Making Marriage Work (DVD) - John Gottman uses rigorous scientific procedures to observe the habits of married couples for insight into the inner workings of successful relationships.

The Pain Of Depression: Journey Through The Darkness (DVD)

This film profiles everyday people who experienced depression and tells their stories through their own words. Examines how family, friends and communities are affected by the depression of their loved ones. Nationally recognized experts discuss cutting-edge research, neurophysiology, symptoms, possible treatments, and the role of family and friends in recovery.

Work And Recovery: Stories Of Employment And Mental Health (DVD) – Introduces five people assisted by Howard Center’s Westview Employment Services in Burlington, VT, an agency that uses evidence-based practice supported employment services. Their stories illustrate how important work can be to a person’s recovery journey and offers hope and encouragement about people returning to work in the community.
