Public Service Announcement
Attached below, please watch the brief new PSA to learn about all the changes in the law.

Today we stand together and recognize the _**44th Annual Great American Smokeout**_

On October 1ˢᵗ of this year, Connecticut became the 14ᵗʰ state to raise the age to purchase tobacco and electronic cigarettes/Juuls to **21 years old.** This law also requires retailers to check and verify the photo ID of any customer who **appears to be under the age of 30**. There is no grandfather clause or military personal exemption included. **_Everyone_** attempting to purchase tobacco products and electronic cigarettes/Juuls must be at least 21. To learn more about the changes in the law, take the free, phone-friendly online '_Tobacco and Electronic Cigarette Sales: Do the Right Thing'_ training. In order to avoid fines and civil penalties, all retailers must know and follow the law.

Tobacco 21 Legislation
A summary of the new law can be found here: **Public Act 19-13**.
