SOUTHTINGTON Behavioral Health Resource Directory
Third Edition, 2022

Main Street Community Foundation

Funded by the Bradley H. Barnes & Leila U. Barnes Memorial Trust at Main Street Community Foundation
Dear Southington Resident,

This Directory has been updated to reflect the needs of the community after the COVID-19 pandemic. We encourage residents to explore these resources if a friend, family member, or neighbor needs assistance. Feelings of sadness, anxiety, worry, irritability, or sleep problems are common for most people. However, when these feelings become intense, last for a long period of time, or begin to interfere with school, work, and/or relationships, they may be a sign of a mental health challenge. Similar to those who require medication and receive professional help for physical conditions, someone with a mental health challenge/disorder may require medication and/or participation in therapy in order to feel better.

Behavioral health services include outpatient and inpatient care for children, adolescents, and adults. Programs offer confidential assessments, short and long-term counseling, psychotherapy, family therapy, and mental health treatment.

Outpatient mental health services are provided to individuals who have acute or chronic psychiatric disorders but do not require 24-hour care. Outpatient mental health and substance use disorder (SUD) services are provided in person and/or via telehealth in an ambulatory care setting such as a mental health center or substance use disorder clinic, hospital outpatient department, or practitioner’s office. Inpatient mental health services are 24-hour services delivered in a licensed hospital setting that provide clinical intervention for mental health and/or substance use diagnoses.

This directory consolidates resource information for Southington residents who need assistance with mental health and substance use challenges. This directory is for consumers, families, and those who help them. It is intended to provide information about mental health programs supporting Southington residents. This resource directory will not detail the symptoms of mental illnesses or delve into pharmaceuticals.

Literature is available at Connecticut Clearinghouse, a statewide library and resource center for information on substance use and mental health disorders, prevention and health promotion, treatment and recovery, wellness, and other related topics. Visit www.ctclearinghouse.org for more information or visit in person at 334 Farmington Avenue, Plainville, CT. Materials from their specialized library and resource center are available to Connecticut families, teachers, students, professionals, communities, and children. The Southington Behavioral Health Resource Directory can be found electronically on the Connecticut Clearinghouse website at www.ctclearinghouse.org/southingtonmhdirectory.

For assistance in locating and connecting with appropriate mental health or substance use services in the Southington area for you, a family member or a friend, contact the following resources:

Addiction Treatment Access Line –
(including transportation to detox and treatment for prescription opioids or heroin addiction)

Acknowledgements

The Bradley H. Barnes & Leila U. Barnes Memorial Trust at Main Street Community Foundation awarded Wheeler Health, the Southington Health Outreach Project grant to enhance access to mental health and substance abuse recovery services. The purpose of the Project is to assist Southington residents and families in recognizing the signs and symptoms of mental health and substance use challenges, navigating available resources, and reducing barriers. The goal is to create a healthier community and to reduce the stigma and discrimination that is associated with mental health.

The Southington Behavioral Health Resource Directory was developed as a collaboration among community stakeholders to help residents navigate available resources. Many thanks to the following organizations for their support of the Southington Health Outreach Project:

Apple Valley Behavioral Health
Bradley H. Barnes & Leila U. Barnes Memorial Trust at Main Street Community Foundation
Bread for Life
Calendar House Senior Center
Catholic Charities
Commission on Disabilities
Community Mental Health Affiliates
DePaolo Family Foundation

Behavioral Health Glossary

Behavioral Health Professionals:

**Advanced Practice Registered Nurse (APRN):** A nurse with post-graduate education in nursing. APRNs are prepared with advanced informative and clinical education, knowledge, skills, and scope of practice in nursing.

**Certified Alcohol and Drug Counselor (CADC):** A certified individual that provides alcohol and drug counseling.

**Licensed Clinical Social Worker (LCSW):** A licensed individual that holds a master’s degree in social work (MSW) and specializes in clinical practice. They work with clients in order to help them deal with issues involving their mental and emotional health. This could be related to substance abuse, past trauma, or mental illness. There are a wide variety of specializations the Licensed Clinical Social Worker can focus on. These include specialties such as: working with mental health issues, substance abuse, public health, school social work, medical social work, marriage counseling, or children and family therapy.

**Licensed Alcohol and Drug Counselor (LADC):** A licensed individual who helps people with drug or alcohol misuse issues. Counselors help patients through the recovery process and adopt sober lifestyles, often in residential or outpatient rehabilitation programs.

**Licensed Marriage and Family Therapist (LMFT):** A licensed individual educated with a master’s or doctoral degree, trained with a minimum of two (2) years of supervised clinical experience. LMFTs are trained and licensed to independently diagnose and treat mental health and substance use problems.

**Licensed Professional Counselor (LPC):** Licensed professional counselors (LPCs) are master’s-degreed mental health service providers, trained to work with individuals, families, and groups in treating mental, behavioral, and emotional problems and disorders.

**Paraprofessionals:** Paraprofessionals work under a trained professional in clinical settings, i.e.: Licensed Social Work Associates (Bachelor level social workers).

**Psychiatric Mental Health Nurse Practitioner (PMH-NP):** A registered nurse certified by the Connecticut State Board of Nursing, who can independently engage in the following activities:
- **“Nurse Psychotherapist”** – A registered nurse, who practices psychotherapy in a structured relationship with the client.
- **“Psychiatric Nurse Practitioner”** – An experienced registered nurse who possesses advanced training and education in the area of diagnosing and treating illness. Nurse practitioners are able to prescribe medication. Psychiatric nurse practitioners specialize in providing psychiatric care to individuals.

**Psychiatrist (MD/DO):** A medical doctor who possesses specialized training in the field of psychiatry. Psychiatrists must be licensed physicians in the state in which they practice and must also be certified by the American Board of Psychiatry.

**Psychologist (Ph.D./PsyD):** An individual who possesses a Doctoral degree in psychology. One must be licensed by the Connecticut State Board of Examiners of Psychologists. A psychologist can be a clinical or a counseling psychologist.
Behavioral Health Glossary (cont.)

**Behavioral Health Terms:**

**Case Management** – A process which plans, coordinates, and implements services required to meet an individual’s needs.

**Co-occurring Disorders** – When a person has any combination of two or more substance use disorders and mental health diagnosis.

**Dual Diagnosis Treatment** – Treatment for an individual with substance abuse issues as well as a mental health diagnosis.

**Evidence Based Practice (EBP)** – Preferential use of a mental or behavioral health intervention that has demonstrated its effectiveness as a treatment for a specific problem via empirical evidence.

**Family Psychoeducation** – Provides education to individuals living with mental illness and their families. The goal is to assist the individual and their family to better understand his/her/their present illness, avoid relapse and contribute to their own health and wellness on a long-term basis.

**In-home Services** – Counseling provided in the home by a behavioral health professional.

**Intake (Interview)** – Occurs when a client first seeks help from a clinician. It is the first interaction that occurs between the client and the clinician.

**Intensive Outpatient Program (IOP)** – The highest level of outpatient treatment before inpatient care. IOP is appropriate for people who need a higher level of care but are still able to function at home. It’s also ideal for patients transitioning from a more demanding treatment program to one which provides more freedom.

**Medication Evaluation/ Medical Management** – A psychiatrist or nurse practitioner monitors and evaluates a client’s medications to ensure that the client is on the proper medications. Medication evaluations can be done at various levels of treatment.

**Open Access** – Walk-in availability during designated times without an appointment.

**Outpatient** – Treatment that is provided in the community and not in a hospitalized setting.

**Partial Hospitalization Program (PHP)** – A short-term day program that offers psychiatric services. PHP provides more freedom than inpatient care. It is generally appropriate for people who need a higher level of care but are still able to function at home. Clients can return to their homes at the end of the day, while still remaining under the care of mental health professionals on a daily basis.

**Peer Support** – Individuals or family members of those living with mental illness coming together to provide a self-directed, grassroots community. Peer support members mutually support one another to enhance each other’s mental health.
**Behavioral Health Glossary (cont.)**

**Psychiatric Evaluation/Assessment** – An evaluation performed by a psychiatrist or nurse practitioner. A psychiatric evaluation includes the history of the present illness, current symptoms the individual is experiencing, past history of illness, family history, a review of medications, mental status examinations and a physical examination.

**Psychiatric Rehabilitation Program (PRP)** – A program that provides support and rehabilitation to individuals who suffer from mental illness. PRP focuses on daily living skills through the use of the community environment.

**Psychological Testing** – Tests which are given to individuals to assess and evaluate information. Psychological tests are administered and interpreted by a psychologist.

**Residential Rehabilitation Program (RRP)** – Housing for individuals with a chronic mental health diagnosis, who are unable to live independently in the community.

**Respite** – Temporary shelter for a person in need of short-term relief from a crisis they are experiencing or to provide relief to a caregiver.

**Sliding Scale** – Fees are set according to the client’s income (i.e., if the client has no income, the fee may be as low as $0).

**Uninsured** – An individual that does not have private insurance, Medicaid, or Medicare.
Mental Health Services:
Child and Adolescent

Community Mental Health Affiliates (CMHA):
Outpatient Behavioral Health Services
233 Main Street, New Britain, CT 06051
255 Bank Street, Waterbury, CT 06702

Community Mental Health Affiliates (CMHA):
Adult Outpatient Behavioral Health Services
233 Main Street, New Britain, CT 06051
255 Bank Street, Waterbury, CT 06702
Contact: (860) 224-8192, referrals@cmhacc.org
Website: www.cmhacc.org
Description: Adult Outpatient staff offers a variety of services, including assessment, psychotherapy, and medication management facilitated through group counseling, family counseling, individual counseling, and a harm reduction model as appropriate for substance abuse/use. These services address a variety of issues and levels of intensity, from assisting with temporary issues to treating chronic, persistent disorders and helping clients avoid hospitalization through successful independent living in the community. Services are tailored to the individual client needs with a commitment to inclusion, autonomy, and confidentiality.
CMHA’s Open Access Center provides immediate access to treatment on a walk in basis at our 233 Main Street headquarters on Monday from 1-4 pm, Wednesday from 8 am-1 pm, and Friday from 9 am- 2:30 pm.
Eligibility: Co-ed, Ages 18 and older
Admission: (860) 224-8192, referrals@cmhacc.org.
Payment Options: Accepts all insurances. Provides a sliding fee based on income.
Languages offered: English, Spanish, and Polish
Other services: Adult Intensive Outpatient (IOP) program provides coordinated care for persons with co-occurring mental health and substance abuse challenges to reduce symptoms, prevent relapse and improve overall functioning. Program services include symptom management, recovery enhancement, group therapy, psychiatric services, coordination of care, and step-down services.
CMHA’s Behavioral Health Home program aims to improve the quality of life for participants by coordinating integrated primary and behavioral health care, wellness education, and tobacco cessation. These services are provided in conjunction with outpatient treatment and are available for all Medicaid clients.

Getting the Right Help for Opioid Dependence or Withdrawal

Opioids are a class of drugs chemically similar to alkaloids found in opium poppies. Historically, they have been used as painkillers, but they also have great potential for misuse. Repeated use of opioids greatly increases the risk of developing an opioid use disorder. The use of illegal opiate drugs such as heroin as well as the misuse of legally available pain relievers such as oxycodone and hydrocodone can have serious negative health effects.

The State of Connecticut has taken action to help reduce and prevent substance use disorders. If you or someone you know who is considering treatment for opioid dependence or experiencing withdrawal, start here. Professionals are available and recovery is possible.

Connecticut’s 24/7 Addiction Treatment Access Line: (800) 563-4086
- A free, confidential, 24/7, 365 days-a-year Access Line, facilitates access to treatment for substance use disorders. Individuals from anywhere in Connecticut can call for assistance in connecting to residential detox.

Connecticut Community for Addiction Recovery (CCAR): (866) 205-9770
- Centralized recovery resources for CT. CCAR organizes the recovery community to put a face on recovery and provide recovery support services, as well as promote recovery from alcohol and other drug addiction through advocacy, education, and service.

Medication Assisted Treatment (MAT) Providers/Resources:
http://www.ctbhp.com/index.html
- Find local methadone/suboxone/Vivitrol clinics, partial hospitalization with intensive outpatient and housing, intensive outpatient (IOP), outpatient therapy/treatment, and partial hospitalization (PHP)
- Wheeler offers a medication-assisted treatment for opioid and alcohol use at their Bristol, Hartford, New Britain, Plainville, and Waterbury Family Health and Wellness Centers.

SAMHSA’s National Helpline: (800) 662-HELP (4357)
- A free, confidential, 24/7, 365 days-a-year treatment referral and information service (in English and Spanish) for people and families facing substance use disorders

SAMSHA’s confidential treatment locator: https://findtreatment.samhsa.gov/
- Find reputable treatment facilities near you in a quick, confidential online search

NORA App: egov.ct.gov/norasaves/
- NORA is a free app from the Connecticut Department of Public Health. Use NORA to prevent, treat, and report opioid overdose

**Eligibility:** Age 18 and older in need of opioid substance use recovery.
**Payment options:** Accepts most insurance
Eating Disorder Treatment Services

**Institute of Living**
200 Retreat Avenue, Braceland Building
Hartford, CT 06114
**Contact:** (860) 545-7200; Toll-Free (800) 673-2411
**Website:** www.harthosp.org
**Description:** The Institute of Living believes that early identification and comprehensive treatment increase the possibility of recovery and health restoration, and minimize the suffering of those afflicted and their families. The Institute of Living offers a specialized program for the treatment of eating disorders in adolescents and adults. The Partial Hospital Service is our primary treatment modality; however, inpatient treatment is available on our general psychiatric unit. The initial assessment is provided by an eating disorder specialist. Treatment recommendations are geared toward the individual needs of the patient, to provide comprehensive treatment in the least restrictive environment possible.

**Eligibility:** Ages 13 and older
**Admission:** Call (860) 545-7200 Option 3 for an assessment.
**Payment options:** Accepts various health insurance providers.

**Walden Behavioral Health**
2400 Tamarack Ave, Suite 203
South Windsor, CT 06074
**Contact:** (860) 533-4672
**Website:** www.waldenbehavioralcare.com
**Description:** The clinic offers partial hospitalization and intensive outpatient programs for adolescents and adults and a binge-eating program for adults. The clinic also offers outpatient treatment for adolescents and adults who suffer with eating disorders.

**Eligibility:** All ages
**Admission:** Call (860) 533-4672 for an assessment; no referral needed.
**Payment options:** Accepts commercial insurance, and Husky.
**Other services:** Walden Behavioral Health has inpatient and residential treatment programs available in Waltham, MA.
Alcoholics Anonymous

Alcoholics Anonymous is an international fellowship of men and women who have had a drinking problem. It is nonprofessional, self-supporting, multiracial, apolitical, and available almost everywhere. There are no age or education requirements. Membership (free of charge) is open to anyone who wants to do something about his, her or their drinking problem.

Statewide toll-free number: (866) STEPS12 or (866) 783-7712
www.aa.org

Local Number- District 8: (860) 267-5857
www.ct-aa.org

Alcoholics Anonymous (AA) Meetings:

“Closed Meeting”: Only those with an alcohol problem, or those who think they may have an alcohol problem, and have a desire to stop drinking, may attend and participate.

“Open Meeting”: Spouses, family, and friends, of the alcoholic are welcome to attend and observe the meeting.

Al-Anon is a mutual support group of peers who share their experience in applying the Al-Anon principles to problems related to the effects of a problem drinker in their lives. It is not group therapy and is not led by a counselor or therapist; this support network complements and supports professional treatment.

Alateen is a peer support group for teens who are struggling with the effects of someone else’s problem drinking. Many Alateen groups meet at the same time and location as an Al-Anon group. Alateen meetings are open only to teenagers.

No advance notification or written referral is necessary to attend an Al-Anon or Alateen meeting. Anyone affected by someone else’s drinking is welcome to attend. And, there are no dues or fees. Groups are self-supporting and usually pass a basket around for a voluntary contribution to pay for rent or Al-Anon literature.

Narcotics Anonymous

Narcotics Anonymous is a nonprofit fellowship or society of men and women for whom drugs had become a major problem. They are people who are recovering from narcotic use who meet regularly to help each other maintain sobriety. This is a program of complete abstinence from all drugs. There is only one requirement for membership, the desire to stop using. They suggest that you keep an open mind and give yourself a break. The program is a set of principles written so simply that we can follow them in our daily lives. The most important thing about them is that they work. They have learned from their group experience that those who keep coming to their meetings regularly stay sober.

Overeaters Anonymous

Overeaters Anonymous (OA) offers a program of recovery from compulsive overeating, binge eating and other eating disorders using the Twelve Steps and Twelve Traditions of OA. Worldwide meetings and other tools provide a fellowship of experience, strength and hope where members respect one another’s anonymity. OA charges no dues or fees; it is self-supporting through member contributions. OA is not just about weight loss, weight gain, maintenance, obesity, or diets. It addresses physical, emotional, and spiritual well-being. It is not a religious organization and does not promote any particular diet.

SMART Recovery

SMART stands for Self-Management and Recovery Training. SMART Recovery’s approach to behavioral change is built around our 4-Point Program®: (1) Building and maintaining the motivation to change. (2) Coping with urges to use. (3) Managing thoughts, feelings, and behaviors in an effective way without addictive behaviors. (4) Living a balanced, positive, and healthy life.

SMART Recovery’s 4-Point Program is the organization’s flagship secular program serving those with an addictive behavior, including both substance and activity/process addictions such as issues with gambling, sexual maladaptive behavior, eating behaviors, self-harm, etc.

SMART Recovery offers various meetings including All Welcome, Men, Women, LGBTQ+, Military/Veterans and First Responders, Medical/Mental Health Professionals, Teens/College-Age or meetings that focus specifically on the tools of the program such as “Tool Time”.

SMART Recovery Family and Friends Program

Are you looking for resources to help you support someone struggling with addiction? Is someone else’s addiction negatively affecting you? Perhaps you’re seeking an alternative to tough love? SMART Recovery Family and Friends Meetings provide effective, easy-to-learn tools for this situation and just for you.

Our methods are based on the tools of SMART Recovery and CRAFT Therapy (Community Reinforcement and Family Training). Our meetings — available both in-person and online — provide concerned significant others the tools they need to effectively support their loved one, without supporting the addictive behavior. These tools also help family and friends better cope with their loved one’s situation and regain their peace of mind.

Y12SR – YOGA OF 12-STEP RECOVERY

Y12SR (Yoga of 12-Step Recovery) is a class in which we weave together the ancient wisdom of yoga and the practical tools of 12-Step programs. We recognize that the "issues live in our tissues" and through a group sharing circle followed by an intentional, themed yoga class incorporating asana, breath work, and mindfulness we invoke the higher power of our understanding to help us release whatever is held. These classes are all inclusive for all levels, and anyone dealing with their own addictive behaviors of any kind or affected by those behaviors in others. It will deepen any work that participants may currently be doing, or jump start the journey of self-discovery. No one will be turned away for lack of funds. Donation-based.

Visit [www.Y12SR.com](http://www.Y12SR.com), and Y12SRCT on Facebook

Local Drug Collection Drop Boxes

Many municipal police departments participate in the Medication Drop-Box Program. These drop boxes are managed by police departments. This is a confidential, free service that will help protect against misuse and preserve our environment. When medications are flushed down the drain it endangers the aquatic environment and wildlife. Wastewater treatment plants are not designed to remove all medications from wastewater. Therefore, disposing medication properly will reduce the overall risk of exposure to you, your family, and the environment.

By properly disposing of unused and unwanted medications we can prevent youth misuse. According to the Partnership for a Drug Free America:

- 6 out of 10 teens agree that prescription drugs are easy to get from parents’ medicine cabinets.
- 4 out of 10 teens think that prescription drugs are safer to use than illegal drugs.

The medication drop-boxes can usually be accessed in the police department lobby anytime the department is open. Your personal information should be blacked out before you dispose of it in the drobox.

*Visit [www.ct.gov/dropbox](http://www.ct.gov/dropbox) for additional locations or contact the Connecticut Department of Consumer Protection Prescription Monitoring Program at (860) 713-6073.

**Items Accepted:** Over-the-counter medications, prescription medications, medication samples, medications for household pets, medicated lotions, or ointments.

**Items Not Accepted:** Needles or other “sharps”, hazardous waste, thermometers, personal care products (e.g. nonmedicated shampoo, soap, etc.)
Transportation Services

CT Transit – CT FASTRAK

The CTfastrak system provides direct service to and from Waterbury, Cheshire, Southington, Bristol, Plainville, New Britain, Newington, West Hartford, Hartford, and Manchester with routes that take advantage of the bus-only CTfastrak roadway. The CTfastrak system provides a one-seat, no-transfer ride to many major regional employment, shopping, and healthcare destinations as well as connections to the New Haven Line-Waterbury branch rail in Waterbury and Amtrak service in Hartford. Most CTfastrak bus routes operate Weekdays from 5:00 am to midnight; Saturdays from 6:00 am to midnight and Sundays and major holidays from 8:00 am to 8:00 pm. Visit www.cttransit.com or (860) 522-8101.

Department of Mental Health and Addiction Services

The Department of Mental Health and Addiction Services may be able to transport you to and from detoxification and substance abuse treatment programs including recovery houses, shelters, sober houses, hospitals, VA/VET Centers, and in some cases Alternative in the Community (AIC). This service does not include outpatient services. However, if you are seeking treatment for a substance use disorder and need transportation to a treatment facility or are leaving residential treatment and need transportation to community services contact the Access Line at (800) 563-4086, anytime. There is no eligibility associated with this transportation service.

DIAL-A-RIDE

DIAL-A-RIDE bus provides transportation at no charge for Southington residents aged 55 & over and for people with disabilities. Their primary objective is to provide the service that you need in a timely and reasonable manner. Call (860) 621-3014 to make your appointment.

Medical Appointments: Dial-A-Ride requests seventy-two hours (72) notification be given for all medical appointments, especially for out-of-town appointments. You may schedule up to a month in advance. They cannot accommodate same day requests. Please schedule in-town medical appointments between 9:00am-11:00am and 12:30pm-2:30pm. Monday through Friday rides are provided to & from Calendar House for lunch, activities, programs & appointments.

Out-of-town medical transportation will be provided as follows:

Mondays & Wednesdays: Plainville, New Britain & Meriden (appointments between 9:30am-1:00pm).
Tuesdays & Thursdays: Plainville, Bristol & Farmington (appointments between 9:30am-1:00pm).
Fridays: Please call for the out-of-town schedule.

Senior Transportation Services Inc.

Senior Transportation Services Inc.’s mission is to help adults ages 55 and over live independently in their own homes by providing safe, reliable, and economical out-of-town medical transportation. It serves the following communities: Berlin, Meriden, New Britain, Plainville, Southington, and Wallingford. Clients must be fully ambulatory, complete an application and a 10-day notice is required for all rides. For more information, visit their website at www.seniorrides.org, call (860) 224-7117 or email seniortransportationserives@yahoo.com.

Online Consumer Health Resources

Defining medical words and verifying spellings

MedlinePlus.gov – Home page offers a medical dictionary. Click on the ‘Drugs and Supplements” tab on the left of the homepage screen to browse drug names alphabetically.

Health News Sources

HealthDay Medical News Today
Kaiser Health News Science Daily

General or Background Information on Conditions

MedlinePlus.gov – Click on the Health Topics tab to browse conditions alphabetically or by body system.

Mayo Clinic – Information on disease and conditions symptom checker, tests and procedures, drugs and supplements. All content written by Mayo Clinic health professionals.

National Institute on Aging – Health and wellness topics of interest to older adults. Printable brochures in English and Spanish. Navigate site in Spanish too.

Women’sHealth.gov – fact sheets and resource links on topics ranging from acne to yeast infections.

KidsHealth.org – Articles written for parents, young children and teens on health, behavior, and child development. Pediatrician reviewed.

Nutrition

American Academy of Nutrition and Dietetics – resources for healthy eating. Locate a dietitian near you.

Drugs, Herbals, and Nutritional Supplements

ClinicalTrials.gov – find clinical trials of approved and investigational drugs.

Dietary Supplements Labels Database – information from manufacturer’s labels for on-and off-market products. Search by ingredient, product name, or manufacturer.

Drugs.com – Comprehensive information on prescription and OTC medications and natural products sold in the U.S. Pill identifier, interactions, veterinary drugs, price comparisons, coupons, and more.

FDA.gov – Best resource for drug recalls and approvals. Agency approves all drugs, biologics, and vaccines approved for marketing.

GoodRx.com – compare retail drug prices. Coupons.

MotherToBaby – information on the effects of medications, herbals, and other exposures on the pregnant woman and her child.

National Center for Complementary and Integrative Health – brief fact sheets with information on herbs and botanicals.
National Institutes of Health Office of Dietary Supplements – evidence-based information on vitamins, minerals, herbs and other dietary supplements.

NLM Drug Information Portal – Link to different databases covering 49,000 drugs from entry in clinical trials through FDA approval and into the marketplace. Prescription, OTC, supplements, investigational drugs, and drugs of abuse.

Verified Internet Pharmacy Practice Sites – Use this site to find safe and legitimate online pharmacies.

Diagnostic Tests and Procedures

Lab Tests Online – learn why lab tests are ordered and what the results mean.

RadiologyInfo.org – Covers over 200 diagnostic, interventional radiology, nuclear medicine, and radiation therapy tests and procedures.

Finding a Health Professional

American Osteopathic Association – basic information on board-certified osteopathic physicians.

Connecticut Department of Public Health Licensing Database – profiles of physicians licensed in CT. Includes disciplinary actions, sanctions, and lawsuits. Database also indicates license status of other health professionals.

HealthFinder.gov – find databases of physicians, dentists, and other healthcare providers.

Healthgrades – search for physicians by specialty or procedure. Basic information plus legal actions and fines, and patient ratings.

MedlinePlus.gov – Use the “Directories” link from the homepage to find doctors, dentists, and many other types of health professionals.

Overseas Medical Help – the state department offers guidance for finding a physician or hospital overseas.

Physician Compare – search for physicians who accept Medicare by specialty, practice or body part. Includes hospital affiliations.

U.S. News and World Report Doctor Finder – basic information on over 800,000 licensed, practicing physicians in the US.
