

RECOGNIZING AND RESPONDING TO SUICIDE RISK

For Primary Care Providers (RRSR-PC) or Youth & Young Adult PCP (RRSR-PC-Y)

2 FREE Webinar Training Opportunities

CMEs & CEUs available

Wheeler Clinic is proud to offer the American Association of Suicidology's RRSR-PC and RRSR-PC-Y. These trainings are facilitated slide presentations with video illustration that provides primary care practitioners with knowledge of why and how routine suicide risk screening should and can be incorporated into routine medical visits, what constitutes appropriate risk management strategies and crisis response planning, and how to effectively document a suicide risk assessment in a medical chart,

The training package includes:

- a pocket assessment tool
- continuing education units
- reproducible patient handouts
- a facilitator-led slide presentation with video vignettes

RRSR-PC Recognizing and Responding to Suicide Risk: Essential Skills for Primary Care Providers

Tuesday, September 19, 2017

5:00pm - 6:30pm

The goal of the RRSR-PC is for primary care practitioners and staff to learn current best practices in eliciting suicide risk when present and meeting the needs of their distressed patients.
